Article Number: 300891

Safety Instructions:

- Ensure that the safebox for cables is not immersed in water, as this can lead to an electric shock.
- The Safebox should be kept out of the reach of children to avoid the risk of improper use.
- Only use the Safebox with compatible plug connections and avoid overloading to prevent overheating and the risk of fire.
- Make sure that the safebox is properly closed to ensure protection against moisture.
- Operate electrical appliances within the recommended temperature and humidity range to ensure safety.
