Safety Instructions:

- Caution: The document shredder should be operated out of the reach of children to avoid injury.
- Avoid direct contact with the cutting device to prevent cuts.
- The safety flap is an important protection; it must not be opened during operation.
- Only use the appliance in dry indoor areas; avoid moisture to prevent electrical hazards.
- Avoid overloading; the device must not be fed with more than the recommended amount of paper, paper clips or credit cards.
- Check the machine regularly for overheating; the double motor fuse protects against overheating.
- In the event of faults or deviations from normal operation, unplug the appliance immediately and contact customer service.
