Safety Instructions:

- Check the stability of the box to minimise the risk of damage during transport.
- Keep the box away from moisture and direct sunlight to ensure material quality and stability.
- Only use the box for its intended purpose in order to avoid possible risks.
- Dispose of the cardboard in accordance with local recycling and waste guidelines.
- Keep the box away from small children to avoid the risk of choking on small parts.
- Caution: Not suitable for children under 3 years of age due to small parts.
- Ensure that the packaging is securely closed to prevent the contents from falling out.
- Do not use the folding carton near open flames or extreme temperatures.
- Not suitable for direct contact with food.
- Store safely and keep away from children.
- Make sure that the folding carton is not overloaded to ensure structural integrity.
- Please use the adhesive seal according to the intended application to ensure secure packaging.
- The products should be kept out of the reach of children to minimise the risk of choking on small parts.
- The boxes can tear or break if used improperly. Take care when lifting and carrying.
- Avoid use in extreme temperatures or in wet environments as the boxes are not waterproof.
- Make sure that the self-adhesive seal is correctly closed to prevent it from opening during transport.
- Only use the product in accordance with the intended instructions and applications.
- Do not use if damaged and dispose of properly.
- During transport, ensure that the product is not bent or dented.
