Safety Instructions:

- Risk of suffocation due to improper use of the exercise ball, especially if it is improperly filled or damaged.
- Risk of falling when standing up or sitting down on the stool. Ensure that the stool is stable and is used on a level surface to prevent it from tipping over.
- Not suitable for children under 3 years of age, as there are small parts that could pose a choking hazard.
- Avoid overloading the stool: Do not exceed the maximum weight of 110 kg.
- Observe the maximum sitting time of 4 hours to avoid health problems.
- Carry out air pressure regulation according to instructions to avoid over-inflation or instability.
- Do not use the product near open flames or heat sources to prevent material damage.
- Do not use for longer periods than 4 hours and check individual seat firmness regularly.
- Ensure that the feet are mounted correctly to prevent the appliance from tipping over.
- Ensure that the product instructions are read before use.
- Only use under adult supervision to ensure safe handling.
