Safety Instructions:

- The product should not be kept within the reach of children, as in a worst-case scenario it could have easily detachable parts that are a choking hazard.
- When using the product, adequate ventilation conditions should be ensured to prevent heat build-up, especially when used in extreme temperatures.
- The product should not be used in environments where it could get wet, as although water and dirt resistant, complete waterproofness cannot be guaranteed.
- When using the product, please ensure that it is not exposed to excessive UV radiation in order to protect the material in the long term.
