Safety Instructions:

- Avoid risk of injury from sharp edges or corners of the linen cupboard.
- Risk of injury from sharp edges and surfaces.
- Protect the linen cupboard from access by unauthorised persons as it is lockable. Always use a security cylinder lock and keep the key in a safe place.
- Ensure that the self-closing flap works properly to avoid injury. The flap can slam shut quickly, be careful when throwing in laundry.
- Regularly check the stability and functionality of the cabinet and doors as well as for damage or wear.
- Users should be advised to use the cabinet in a dry area to avoid rust formation.
- Caution: Improper use can lead to contamination. Only use for the intended purpose.
- Note: Only suitable for use in closed rooms.
- Important note: Do not overload the cupboard to prevent it from tipping over. Please ensure that the linen cupboard is stable and securely mounted.
- Please note: Product parts are not suitable for children.
- Avoid throwing in objects larger than the clear door opening to prevent blockages.
- Avoid storing hazardous materials (e.g. chemicals) in the cupboard.
