Article Numbers: 170491, 170485, 170484, 170483

Safety Instructions:

- Do not use the product near water to avoid the risk of electric shock.
- Avoid excessive force on the sliding mechanism to prevent damage. Do not pull or push with force; careful use of the sliding mechanism is required.
- Avoid using the product in extreme temperatures or humidity. Do not immerse in water or store at extreme temperatures. Protect the product from moisture and extreme temperatures. Avoid contact with liquids to prevent corrosion damage.
- Keep the product out of the reach of children to prevent misuse or damage. Children should only use the USB stick under adult supervision.
- Take care when handling electrical appliances near water. Do not immerse in water or expose to damp conditions.
- Please note that the USB stick may become warm during use.
- Back up data regularly to avoid data loss. Perform regular backups when using database or storage systems.
- Make sure that the USB stick is protected from physical damage.
- Store safely in a dry place, away from direct sunlight.
- The product should only be used for its intended purpose.
- Read the instructions and safety information supplied carefully.
