Safety Instructions:

- Product contains parts that may cause allergic reactions.
- Choking hazard due to improper handling of the lid; store out of reach of children to avoid choking hazard due to small parts.
- Ensure that the lid is firmly seated on the bin to prevent unintentional opening.
- Do not use if damaged or cracked.
- Only suitable for use with plastic bins from 35 to 300 litres.
- Avoid direct sunlight and extreme temperatures to prevent material changes.
- Do not store or use near open flames or high temperatures; not suitable for aggressive chemicals.
- Only use food-safe variants (natural or red) suitable for food; when using with food, pay attention to the material properties.
- Only use the food-safe colour variants (natural or red) for food packaging.
- Use only for the intended purpose.
- Not suitable for children under 3 years of age due to the risk of choking on small parts.
- The lid is not suitable for the transport of hazardous substances.
- Take care not to place any heavy objects on the lid to avoid deformation.
- Select storage and transport conditions in such a way that the integrity of the lid is guaranteed.
- Keep away from children to avoid the risk of choking on small parts.
- High-density polyethylene coatings can deform at extreme temperatures.
- Protect from impact and falling damage.
- Only for use with contents suitable for contact with food.
- Do not bring into contact with metal or chemical substances in order to avoid contamination.
