Safety Instructions:

- The product should not be used outdoors in extreme weather conditions; protect it from moisture and extreme temperatures.
- Ensure that the barrier post is stable to prevent it from tipping over.
- The barrier post should not be set up in heavily frequented areas or near children without supervision in order to avoid accidents.
- Avoid impacts and contact with sharp objects to prevent damage to the product.
- Ensure that the barrier post is suitable and securely anchored in the ground.
- When installing on the ground, the base should be securely fixed.
- Take care when transporting and setting up to avoid injury and damage.
- Ensure that the safety instructions are provided in simple and understandable language.
- If the post is dirty, clean it regularly to ensure visibility.
- In the event of damage or malfunctions, use must be discontinued immediately.
- Risk of suffocation due to improper use of the belt strap.
- Draw attention to possible dangers due to improper use.
- Risk of overturning if used incorrectly.
- Observe hand protection when setting up and transporting.
