Safety Instructions:

- Ensure that the desk is placed on a stable, level floor to prevent tipping or instability.
- Avoid sitting or standing on the table and overloading the table top to minimise the risk of falling and instability.
- Regularly check the height adjustment and stability of the desk to ensure that no parts are loose and that there is no risk of crushing.
- Height adjustment should only be carried out by an adult in accordance with the operating instructions in order to avoid injury.
- Ensure that all cables and lines are neatly laid to avoid tripping hazards.
- Protect the table top from scratches and damage caused by sharp objects; clean with suitable materials.
- The product is not suitable for children under 3 years of age to avoid the risk of choking on small parts.
- Ensure that all installation instructions are followed exactly to ensure safe use.
- Ensure that the height adjustment is carried out at a standstill and that no objects or body parts can become trapped.
- Avoid contact of the table top with water to prevent damage.
- Only use the desk within the intended framework and in accordance with the ergonomic criteria in order to avoid injuries.
