Safety Instructions:

- Protection class IP20, only suitable for use in dry indoor areas, not for outdoor use.
- Avoid use by children, the light is not designed for children.
- The light source is not replaceable; replace the entire light in the event of a defect. Contact the manufacturer in the event of a warranty claim.
- Adjust the illuminance and colour temperature according to the working conditions to avoid eyestrain.
- Follow the manufacturer's instructions before installation and use.
- Do not operate with water or wet hands to avoid the risk of electric shock.
- Only set up and use on stable, flat surfaces to minimise the risk of falling or damage.
- Do not use near flammable materials or conditions that could present a fire hazard.
