Please note the technical data of the products!

Article Numbers: 141481, 141480, 141479

Safety Instructions:

- Not suitable for children under 3 years of age as there is a choking hazard due to small parts.
- Avoid risk of electric shock due to improper use of electrical components.
- Keep the chair away from open flames or extreme heat sources.
- Regular inspection of the stability and function of the mechanics is recommended to prevent accidents due to material failure.
- The maximum load capacity of 150 kg must not be exceeded.
- Only use the chair on surfaces intended for this purpose; a suitable surface (e.g. level floors) reduces the risk of tipping.
- Adjust the height and seat tilt only in accordance with the manufacturer's instructions and within the intended limits.
- The armrests should be correctly adjusted to avoid tension in the neck and shoulder area.
- Check the product for visible defects or damage before use, discontinue use if unsure and contact the manufacturer.
- Ensure that the product is installed correctly so that safety standards are met.
- Properly clean and care for the chair according to the manufacturer's instructions to ensure the longevity and safety of the product.
