Safety Instructions:

- Keep out of the reach of children under 3 years of age, as small parts of the cartridge may pose a choking hazard.
- The cartridge must not be handled or opened improperly in order to avoid health risks from toner dust.
- Only use original toner products to maintain print quality and device warranty.
- Before changing the toner cartridge, the printer must be switched off and disconnected from the power supply.
- Dispose of the empty cartridge in accordance with local regulations on waste disposal and waste electrical and electronic equipment (WEEE).
- Toner cartridges should be supplied in their original packaging and labelled with clear safety instructions.
- Avoid skin and eye contact as well as inhalation of toner powder and take immediate measures such as rinsing with water in the event of contact.
- Keep the product out of the reach of children.
- Use the cartridge only for the intended use and compatible printer models.
- Caution: Improper handling can lead to blockages in the printer.
- Toner powder may cause skin and respiratory tract irritation; in case of skin contact, wash off thoroughly with soap and water.
