E-Mail: info.de@treston.com

Please note the technical data of the products!

Article Number: 401676

Safety Instructions:

- Ensure that the brakes are applied when required to prevent the stand from rolling away unintentionally.
- The corrosion resistance of the materials must be taken into account for applications in humid environments.
- No heavy loads exceeding the maximum recommended capacity may be loaded onto the roller set.
- Keep the area around the castor stand free of obstacles to minimise the risk of falling.
- Regularly check the condition of the castors and brakes for damage or wear.
