Safety Instructions:

- Ensure that no small parts can be swallowed by children. Keep small parts and accessories away from children to avoid the risk of choking.
- Ensure that the desk is set to a safe height to prevent falls or accidents. When adjusting the height of the desk, ensure stability and point out possible risks of injury.
- Regularly check the stability of the table and the structure to ensure that it does not tip over.
- Avoid placing excessive loads on the desk or mobile pedestal and hanging heavy objects on the table top to prevent damage and tipping of the desk.
- Ensure that all cables are securely routed and secured to prevent tripping hazards.
- Make sure that no body parts are trapped when adjusting the height of the desk.
- Only use the mobile pedestal on level surfaces and secure it with the lockable castors if necessary.
- At least two people should be available to assist with the assembly of the desk. Provide clear instructions for assembling and operating the product.
- The edges of the table top can be sharp; take care when handling.
- Please keep the work area clean and free of obstacles to avoid falls.
- Make sure that the table is fixed in the correct position before using it.
- Ensure that all materials used are stable and of high quality.
- The safety of the product should be checked regularly to ensure that it complies with current safety standards. Labelling with warnings for safe use, especially with regard to children and vulnerable consumer groups.
