Safety Instructions:

- Not suitable for children under 3 years of age as it may contain small parts that pose a choking hazard.
- Ensure that the stamp or product is used on a stable and level surface to prevent it from slipping, tipping or falling over.
- Avoid using the product in the vicinity of flammable materials.
- Before use, ensure that the stamp is in perfect condition to avoid damage and possible injury.
- Improper handling can damage the stamp mechanism or the product.
- Only use the product in accordance with the instructions to avoid damage and possible injury.
- Avoid direct contact with the ink; ink may cause skin or eye irritation.
- If swallowed or in contact with eyes, seek medical attention immediately.
- Use of the product is at your own risk.
- Observe all instructions and safety information before use.
- Keep the product away from moisture and extreme temperatures to prevent damage.
- Do not throw the stamp into fire to avoid explosions.
- In the event of damage or malfunction, stop using the product and contact the manufacturer.
