Please note the technical data of the products!

Article Numbers: 231171, 231170, 231161, 231160

Safety Instructions:

- Not suitable for children due to choking hazard from small parts.
- Caution in the event of incorrect handling: risk of injury from drawers and utensil pull-outs.
- Observe the maximum load capacity of the drawers (15 kg per drawer).
- Place the product in a stable position to prevent it from tipping or falling over.
- Keep the lock with the tilt key in a safe place to prevent unauthorised access.
- Make sure that heavy objects are evenly distributed in the drawers to prevent the mobile container from tipping over.
- Stability may be impaired if the mobile container is used on uneven floors.
- The lock should not be overloaded to avoid damage.
- Check the functionality of the castors regularly to ensure safety when moving the mobile container.
- Do not use the mobile pedestal on uneven surfaces to prevent it from tipping over.
- The castors are partially lockable. Ensure that the container is secured while in use.
- Keep the container away from moisture to prevent damage to wooden and steel components.
- Only use the container for its intended purpose.
- Avoid using sharp objects near the roller container to prevent injury.
- Keep the mobile pedestal away from heat sources and direct sunlight to prevent damage to the material.
- Use the lockable castors if the mobile pedestal is not to be moved to prevent it from rolling away.
