Safety Instructions:

- The workbench must be set up on a stable and level surface to prevent it from wobbling or tipping over.
- The maximum load capacity of 500 kg must not be exceeded in order to avoid structural damage or injury.
- Protective clothing such as gloves and safety goggles is recommended, especially when using tools in conjunction with the workbench.
- The workbench should be checked regularly for damage and wear in order to minimise safety risks.
- The instructions and safety information provided by the manufacturer must be followed during installation and use.
- Keep the work area clean and tidy to avoid tripping hazards.
- Use only for the intended commercial application.
- Do not use in damp rooms or in poor weather conditions.
