Manufacturer/Responsible Person: Man Orga, Apothekerstraße 21, 59755 Arnsberg, Deutschland
E-Mail: contact@manorga.com

Please note the technical data of the products!

Article Numbers: 33449, 33448, 33447, 33431, 33430, 33429, 33403, 33402, 33401

Safety Instructions:

- Do not exceed the maximum shelf load of 500 kg.
- Do not exceed the maximum bay load of 2500 kg.
- Place the shelf on a stable, level surface to ensure stability.
- Ensure that assembly is carried out in accordance with the instructions to avoid the risk of tipping over and injury.
- Note when storing small parts: The use of additional chipboard is recommended to increase stability and safety.
- Keep children away from using and accessing this shelf.
- Regular maintenance of the shelving to avoid safety risks due to material fatigue.
- Protect the shelf from excessive moisture to prevent corrosion.
- Ensure even load distribution so as not to jeopardise the stability of the shelving.
- Check stability at maximum shelf and bay load.
- Adjust floor height in 62.5 mm increments for secure storage.
- Additional instructions: Provide assembly and safety instructions in understandable language.
