Safety Instructions:

- Ensure that the structure is stable to prevent it from tipping over. Make sure that the counter is stable and that all screw connections are tight.
- The product should be clearly labelled to inform correct use.
- Ensure protection when used by children as it is a transport unit.
- Include assembly and stability instructions to prevent improper use and ensure stable use.
- Recommendation to check the product regularly for safety and stability.
- Removal of sharp edges or hazardous materials in the construction.
- Provide instructions for the safe transport and storage of the product.
- Avoid excessive pressure on the worktops and keep the worktop away from hot objects to prevent damage or discolouration.
