Safety Instructions:

- Ensure that the interlinking is mounted correctly and stably to prevent the partition walls from tipping over.
- The angle linkage may only be used by qualified specialists.
- When arranging the partition walls, ensure that there is sufficient space for pedestrians and emergency exits.
- Read and follow the installation instructions carefully to avoid injury.
- In the event of damage, stop using the angle linkage and replace it immediately.
- Follow the instructions for use to avoid injury during assembly and disassembly.
- Draw attention to the danger of improper use, especially when adjusting the angles.
- Ensure that all connections are stable to prevent the partition walls from tipping over.
- Take care when handling and erecting the screens to avoid injury.
- Read and follow the user instructions carefully to ensure that the product is used correctly and safely.
- Ensure that the movable walls are properly secured to prevent them from tipping over.
- Use the variable angle linkage in accordance with the instructions to avoid injury from improper use.
- Make sure that children do not play with the partitions to minimise the risk of injury.
