Safety Instructions:

- Ensure that the partitions are stably and securely connected to each other to prevent them from falling over and use the angle linkages in accordance with the assembly instructions.
- Before use, check that all angle linkages and partition walls are undamaged.
- Sound insulation materials should be used in accordance with the manufacturer's instructions.
- Suitable tools must be used for installation in order to avoid injury and installation must only be carried out by trained personnel.
- The product is not suitable for children under 3 years of age due to choking hazard from small parts and should be kept out of reach of children.
- The product should only be used in accordance with the intended conditions of use and is only suitable for indoor use.
- The surface of the angle linkage should be checked regularly for damage in order to avoid hazards caused by unsafe connections.
- Avoid placing heavy objects on the partition walls to prevent injuries.
- Check the integrated safety lock before using the screens.
- No direct contact with water or other liquids.
