### Safety Instructions:

- The product is not suitable for outdoor use, avoid moisture or wetness.
- Mounted partitions should be stable; improper mounting can lead to instability.
- Keep the product out of the reach of children to avoid the risk of choking on parts.
- Ensure that the installation instructions are read before installation.
- The structure must be set up stably to prevent it from falling over.
- Avoid use in areas with high traffic volumes without taking precautions to prevent collisions and injuries.
- Not suitable for use by children; do not use as a toy.
- Regularly check the stability of the sound insulation system.
- To avoid damage, do not pull or push on the partitions with force.
- Screens should only be set up and adjusted by adults.
- Ensure that the connection is stable to prevent the partition walls from tipping over.
- Ensure sufficient separation and stability during installation to minimise the risk of falling over or wobbling.
- Avoid risk of injury due to improper handling when setting up or moving the partition walls.
