### Safety Instructions:

- Keep small parts away from children as they can pose a choking hazard.
- Avoid using the appliance without operating instructions to prevent injury.
- Make sure that hair, ties or other loose items of clothing do not get caught in the cutting mechanism.
- Ensure that the clippings container is emptied regularly to prevent overheating and appliance defects.
- The device must not be overloaded. Observe the maximum cutting capacity of 27 sheets.
- Do not use the device for materials that are not suitable for document shredders, e.g. strong plastics or metal.
- The automatic oil injection system should always be maintained to ensure optimum cutting performance.
- The appliance is designed for use in dry rooms only.
