Article Numbers: 139184, 139181, 130800, 130797, 130782, 130779, 130764, 130761, 130728, 130725, 130710, 130707, 130692, 130689, 130674, 130671

Safety Instructions:

- Not suitable for children under 36 months due to small parts and risk of tipping over.
- Ensure that injuries caused by sharp edges or corners are avoided.
- Ensure safe assembly and stability of the product; it is recommended to place the cabinet on a stable, level surface and to use at least two people for assembly.
- Regular inspection of the stability, structure and function of the door mechanisms is recommended to prevent damage and safety risks.
- Make sure that the clothes locker is not overloaded to prevent structural damage and instability.
- Use the rotary bolt lock and suitable padlocks to prevent unauthorised access and theft.
- Keep the clothes locker dry and clean to avoid corrosion, health risks and material damage; avoid use in damp environments such as bathrooms.
- Avoid extreme temperatures so as not to damage the material.
- Do not store any flammable materials in the cabinet and keep the ventilation holes clear to prevent overheating.
- To avoid injury, use the product in accordance with the instructions provided and read all safety and installation instructions carefully.
- Set up out of the reach of children to prevent accidental injury.
- The product is heavy. When transporting and setting up the product, make sure it is adequately supported to prevent it from tipping over and causing injury.
- Choking hazard due to small parts; store small parts and accessories safely.
- Avoid using aggressive cleaning agents so as not to damage the surface coating.
- Keep unsuitable objects that could cause a hazard away from the cabinet.
