Safety Instructions:

- Check the stability of the clothes horse regularly to prevent it from tipping over and to ensure that it is standing on a stable and level surface.
- Do not use sharp or pointed objects for cleaning or assembly, as these can cause injury.
- Take the load-bearing capacity of the shelves and clothes rails into account to avoid overloading. Observe the maximum permissible load per compartment (e.g. 80kg).
- Secure the clothes locker with a security twist lock and suitable padlocks to prevent unauthorised access.
- Not suitable for children under 3 years of age, as small parts could pose a choking hazard. The clothes locker is generally not intended for use by children in order to avoid the risk of crushing and injury.
- Ensure that there are no sharp edges or protruding parts that could cause injury.
- Avoid placing heavy objects on the top of the clothes horse to prevent it from tipping over.
- Keep the clothes locker dry to prevent rust from forming and do not place it in areas with high humidity.
- Only use the clothes locker for its intended purpose in order to avoid accidents caused by improper use.
- Regularly check the function of the doors and locks for safety and proper operation.
- Include instructions for safe use and installation as well as specific warnings.
