Safety Instructions:

- Ensure that the product is stable and mounted on a level surface to prevent it from tipping over.
- Observe the maximum load capacity (77 kg) to avoid structural damage.
- Door hinges must be checked regularly to ensure that they are functioning correctly in order to prevent crushing hazards.
- Keep the ventilation openings clear to ensure proper ventilation and prevent mould growth.
- Use of the clothes spindles is at your own risk; injuries may result from improper use.
- Avoid placing the product in damp environments to prevent rust and other material damage.
- Ensure that the product is not used by children without supervision, as small parts can pose a choking hazard.
- Use the correct lock size to ensure secure use of the security twist lock.
- Keep key systems and padlocks safe to prevent unauthorised access.
- Check the product regularly for safety defects or damage in order to minimise risks.
- Read and follow the safety instructions before use.
- Mark sharp edges or pointed parts to avoid injury.
- The product should only be used for its intended purpose.
