Safety Instructions:

- Ensure that the clothes locker is placed on a stable and level surface to prevent it from tipping over.
- Read the user manual thoroughly before use and observe all safety instructions.
- Do not hang excessive loads on the clothes rails or in the upper compartments to prevent breakage or deformation.
- Keep ventilation slots clear to ensure sufficient air circulation and prevent rust formation.
- Ensure that doors close properly and are not forced open or closed to prevent injury and damage.
- Make sure that no children play or lock themselves in the wardrobe area.
- Use approved padlocks with a shackle thickness of 5-7 mm to ensure security.
- Regularly check the locking mechanisms and the general condition for functionality, stability and wear.
- Do not install the product in damp areas and protect it from contact with water to prevent corrosion.
- Attach warnings in understandable language and ensure that the product is only used in accordance with the manufacturer's instructions.
- Take care when handling sharp edges as there is a risk of injury.
- Do not overload the product to prevent stability problems.
