Safety Instructions:

- Make sure that the clothes locker is placed on a stable, level surface to prevent it from tipping over.
- Do not exceed the maximum load capacity of the clothes rail and shelves to avoid overloading and damage.
- Only use suitable padlocks (shackle thickness 5-7 mm) for the safety lock.
- Use a security twist lock to prevent unauthorised access.
- Ensure that the door and lock function properly to prevent injury and unauthorised access.
- Keep all small parts out of the reach of children due to choking hazard.
- Avoid sharp edges and corners to prevent cuts.
- The clothes locker should be checked regularly for damage, especially to doors and locks.
- Keep the clothes locker dry and away from moisture to prevent corrosion.
- Close the doors of the clothes locker when it is not in use to avoid injury.
- Avoid overloading the compartments to prevent tipping and damage.
- Only use the product for its intended purpose and not as a climbing aid.
- Do not apply improper force to the doors or locks to avoid damage.
