Safety Instructions:

- Make sure that the clothes locker is placed on a stable, level surface to prevent it from tipping over.
- Use the recommended lock (shackle thickness 5-7 mm) for the rotary bolt lock or the cylinder lock to prevent unauthorised access.
- Keep the clothes locker away from damp environments and water sources to prevent damage and mould growth.
- Do not overload: Pay attention to the maximum load capacity of the shelves and clothes rail to prevent damage and tipping over.
- Follow the manufacturer's instructions during assembly and use safe lifting techniques as the product is heavy (weight: 47.4 kg).
- Regularly check the assembled parts and the condition of the twist lock to prevent damage and safety risks.
- Take care not to pinch fingers when closing the doors to avoid the risk of crushing.
- Do not use abrasive or chemical cleaning agents to avoid damaging the surface.
- Ensure that the doors close properly to avoid injury and lock them when not in use.
- Safety warning: Improper use may result in serious injury or tipping over; use only for its intended purpose.
- Not suitable for children under 36 months and should be supervised by an adult when used by children.
