Safety Instructions:

- Ensure that the product is only used on stable and level surfaces.
- Ensure that the shelf is mounted stably and securely to prevent it from tipping over.
- Keep the shelf away from children to avoid risks during use. Not suitable for children under 3 years of age due to choking hazard from small parts.
- Avoid overloading the shelf to prevent structural damage. Only use the shelf for its intended purpose.
- Keep the shelf away from moisture and direct sunlight to prevent damage and corrosion.
- Before installation, ensure that all parts are present and undamaged. Follow the installation instructions and use the recommended fastening elements.
- Regularly check the shelving for damage and rust formation, especially in damp environments.
- Contact with chemical cleaning agents should be avoided to prevent damage to the surface.
- Heavy product: Risk of injury in the event of improper handling or falling. Include suitable safety information regarding assembly and use.
- Use the lower shelves for storing heavy objects.
- Watch out for sharp edges and corners to avoid injury.
