Safety Instructions:

- Mount the product securely on a stable surface to prevent it from tipping over or falling.
- Use in accordance with the manufacturer's instructions to ensure safety.
- Do not overload - observe maximum load to avoid structural damage and injury.
- Only lift heavy objects with suitable tools.
- Regularly check the stability and condition of the shelving as well as the brackets and fastenings for wear.
- Ensure that the shelf is installed correctly; do not store or load if not installed correctly.
- Place heavy objects in the lower half of the shelf.
- Keep the shelf away from heat sources and damp environments.
- Ensuring fixed fastening elements to guarantee shelf safety.
- Recommendation for checking stability with high loads.
- Take additional protective measures to prevent injury from falling objects.
- Not designed for unsafe environments or extreme conditions.
- Only allow adults to fit.
