Safety Instructions:

- Do not use the product above the maximum load limits.
- Tighten all screws and fastenings securely.
- Only use with worktops with a thickness of 30 mm or more.
- Not suitable for use by children and ensure that children do not play with the product unsupervised.
- When attaching to the worktop, avoid hazards from sharp edges or protruding parts.
- Secure the superstructure portal and columns properly to prevent tipping or slipping.
- Do not use the product if it is not properly assembled.
- Keep user instructions and safety information readily available and easy to understand.
- Regularly check the stability and safety of the construction.
