Article Numbers: 39179, 39171, 39170, 39169, 39168, 39167

Safety Instructions:

- Fleece coating cannot be combined with continuous rooflights.
- Fleece coating binds condensation water, but under extreme conditions water can accumulate, which can lead to a risk of slipping.
- Regular inspection of the fleece coating for wear and damage is recommended to ensure safety.
- When using in cold environments, please note that condensation is bound, which can harbour health risks.
- Ensure protection against condensation.
