Article Numbers: 187706, 187705

Safety Instructions:

- Choking hazard due to small parts if the product is not used properly. Be aware that small parts of the clipboard can pose a choking hazard for children and keep it out of the reach of small children.
- Risk of injury due to improper handling. Do not use the clipboard for documents over the maximum clamping width of 8 mm and be aware of the risk of slipping on smooth surfaces.
- The corners of the clamping board are rounded to minimise the risk of injury.
- Clean the clipboard regularly to comply with hygiene standards, especially in a hospital environment.
- Ensure that the clipboard is securely mounted in its intended location to prevent it from falling.
- Avoid using the clamping board in damp environments to prevent corrosion of the metal parts.
