Safety Instructions:

- Care must be taken when using the scissors to avoid injury.
- The scissors are not suitable for children under 3 years of age as they contain sharp blades.
- Avoid contact with the skin or eyes if the scissors are used incorrectly.
- Keep the scissors out of the reach of children.
- Only use the scissors for their intended purpose and not for materials other than paper-like substances to avoid damage.
- The cutting edges can be very sharp - risk of injury due to improper handling.
- Choking hazard: Keep small parts away from children and ensure that the scissors are stored safely.
- Only use the scissors as intended and under the supervision of children.
- Allergies to plastics or special coatings can cause an allergic reaction.
