Safety Instructions:

- Caution: Can save lives in an emergency, so read the operating instructions carefully.
- Note on high alarm volume (85 dB) - ensure that all those present are informed before use.
- Test the smoke detector monthly using the test button to ensure that it is working properly.
- Make sure you check the battery level regularly and replace the smoke alarm when the battery is low.
- Follow the installation instructions to ensure that the smoke detector works properly.
- The product is not intended for use in very humid or wet environments.
- Keep out of reach of children to avoid accidental contact.
