Safety Instructions:

- Read the operating instructions carefully before installation and use.
- Test the smoke detector at least once a month using the test button.
- A visual and acoustic signal is emitted when the battery is low.
- The lithium battery is permanently installed; it is not necessary to change the battery.
- Install the smoke detector according to the manufacturer's instructions.
- This smoke detector is for indoor use only.
- Keep the smoke detector away from direct heat sources such as radiators.
- The smoke detector should be installed in a location that is protected from direct sunlight.
- Do not cover or remove the alarm signal during operation.
