Safety Instructions:

- Observe stepless height adjustment to avoid injuries.
- Only use the screen in its intended area of use to avoid damage.
- Check for damaged parts before use to rule out safety risks.
- No contact with water or strong chemicals to prevent material damage.
- Make sure that the screen is stable to prevent it from tipping over.
- The tripod screen is not suitable for use outside indoor areas.
- Avoid direct sunlight on the canvas to prevent damage to the material.
- Please keep the screen out of the reach of children to minimise the risk of accidental injury.
- Follow the handling instructions during transport to avoid damaging the screen.
- Use under adult supervision is recommended, especially when used in the vicinity of children.
- Follow the instructions for safe handling and storage before use.
- To avoid damage, do not treat the canvas with sharp objects or aggressive cleaning agents.
- Check the transport device thoroughly before use to ensure that it is working properly.
- The product must not be stored in areas with extreme temperatures or high humidity.
