Article Numbers: 137869, 137868

Safety Instructions:

- Avoid overloading the folding box beyond the maximum load capacity of 20 kg to prevent loss of stability or breakage.
- Use under adult supervision is recommended when the product is used in the vicinity of children.
- Ensure safe use of the folding box: Only fold it when the locking handle is active.
- The hinged box should be used on flat surfaces to avoid the risk of tipping over.
- Keep the hinged box away from heat sources to avoid deformation of the material.
- For food storage, first check the suitability and observe the safety of the food.
- Not suitable for use by children under 3 years of age due to the risk of choking on small parts.
- Protect from direct sunlight and extreme temperature changes to prevent deformation of the material.
- Protect from moisture to ensure the structural integrity of the hinged box.
- Do not place the hinged box upside down to prevent it from tipping over.
