Safety Instructions:

- Ensure that the chair is correctly assembled and adjusted to avoid injury.
- Do not exceed the maximum load capacity of 150 kg.
- Do not exceed the recommended sitting times of up to 8 hours to avoid health problems.
- Avoid quick or jerky movements when sitting to prevent the chair from tipping over.
- When using on smooth floors, such as tiles or laminate, ensure that the chair does not slip.
- Adjust the armrests to a comfortable height to avoid tension in the neck and shoulder area.
- Use the height adjustment of the backrest to ensure optimum support for the back.
- When using the chair in the office in the presence of electronic devices, a safe distance should be maintained to avoid tangling cables.
- Clean the chair cover in accordance with the manufacturer's instructions to avoid safety risks due to dirty or damaged surfaces.
