Article Numbers: 661142, 661140, 166966, 166965, 166964

Safety Instructions:

- Assembly should only be carried out by adults and in accordance with the instructions in order to avoid the risk of injury and to ensure stability.
- Make sure that the wall structure is suitable for the weight of the whiteboard to prevent it from falling.
- The whiteboard and the assembly areas should be inaccessible to children to avoid the risk of injury and suffocation.
- Use suitable markers to avoid residues and to protect the enamelled surface.
- Do not clean with abrasive or aggressive cleaning agents; use only recommended cleaning agents to protect the surface.
- Keep the whiteboard away from extreme temperatures and direct sunlight to prevent damage.
- Check the product regularly for damage and contact the manufacturer in the event of damage to avoid the risk of injury from sharp edges.
- Do not bring any sharp or pointed objects to the whiteboard surface to avoid scratches.
- Make sure that all accessories such as markers and magnets are safe and do not contain any harmful substances.
- The whiteboard should not be set up in the immediate vicinity of water sources in order to avoid electrical hazards.
- Make sure that there are no sources of danger in the vicinity during installation to avoid injury.
