Safety Instructions:

- Assemble and use the workbench correctly to avoid injury.
- Do not exceed the maximum load of 500 kg to prevent damage or accidents.
- Take the weight off the drawers before closing them to avoid the risk of crushing.
- Only use tools when the power supply is switched off when making changes or repairs.
- Wear protective clothing when working with wood and metal.
- Only use the workbench on stable and level surfaces.
- Use drawers carefully to prevent the workbench from tipping over.
- Keep the workbench clean and free of debris to prevent slipping and falling.
- Do not use chemical cleaning agents to avoid damage.
- Only use the workbench for its intended purpose.
- Use suitable personal protective equipment such as gloves and eye protection.
- Avoid moisture, as wood can be affected.
- Do not overload the drawers to avoid damage.
