Article Numbers: 133397, 133272, 133271

Safety Instructions:

- Ensure that the waste bin does not overheat, as aluminium can be deformed at high temperatures. Avoid contact with hot objects to prevent damage to the material.
- Avoid loading the waste bin with sharp or pointed objects to prevent damage and the risk of injury from sharp edges or corners.
- Make sure that the waste bin is placed on a stable surface to prevent it from tipping over.
- Periodically check for damage to ensure that the waste bin is in perfect condition.
- Make sure that the waste bin is not overfilled to prevent liquids from overflowing. Make sure that the waste bin is empty before moving it to prevent liquids from overflowing or spilling.
- Keep the wastepaper basket clean when using it in damp environments to prevent mould growth. When using in damp environments, ensure that the electronics do not come into contact with liquids.
- Make sure that the extinguishing cover is correctly fitted to ensure self-extinguishing in the event of a fire.
- Please note that the product is not suitable for storing flammable liquids.
- The product should not be used near open flames or heat sources.
- The product is not suitable for children; therefore children should be kept away from the product.
