Safety Instructions:

- Risk of suffocation due to improper use of the lumbar support.
- Risk of injury due to incorrect height adjustment of the chair and incorrectly locked chair mechanism.
- Observe the maximum load capacity of 110 kg, risk of injury if this is exceeded.
- Caution: Chair weight up to 120 kg - risk of injury if weight is exceeded.
- Observe the warnings on the correct adjustment and use of the chair to avoid back problems.
- Only use the safety lift and height adjustment in accordance with the instructions to avoid the risk of falling.
- Avoid dents or cracks in the plastic to ensure stability.
- Regularly check the chair for loose parts and general wear and tear.
- Clean the cover without aggressive cleaning agents to avoid damage.
- Caution when assembling: Risk of injury from sharp edges or moving parts.
- Manufactured in Germany, subject to strict safety standards.
- Consult a doctor if you have health problems in the back area.
- Not suitable for children under 3 years of age due to risk of injury.
- The product can be dangerous if installed incorrectly; follow the installation instructions.
- Regular exercise is recommended for longer periods of sitting.
