Safety Instructions:

- Check the height adjustability and set it correctly to ensure stability and prevent accidents.
- Only use suitable cleaning agents on melamine resin-coated surfaces; test them on an inconspicuous area.
- Ensure that the table is stable and level to prevent it from wobbling or tipping over.
- Observe the weight limits and do not overload the tabletop to prevent instability and accidents.
- Avoid using hot objects without a base to prevent damage to the tabletop.
- Do not use the table as a climbing aid or seat.
- Loose cables and electrical appliances should be secured to avoid tripping hazards.
- Aggressive chemicals must not be used for cleaning in order to avoid material damage.
- Ensure that safety instructions are observed during installation.
- The product is not suitable for use by children without supervision.
- Beware of sharp edges on the ABS edge banding and powder-coated steel frame to avoid the risk of injury.
- Sharp edges must be avoided during transport and assembly.
- In public areas, pay particular attention to the stability of the table.
