### Safety Instructions:

- Before use, check that the table is stable and place it on a stable, level surface to prevent it from tipping and falling over.
- Ensure that the table height is set correctly to guarantee safety and comfort (maximum setting height 840 mm).
- Observe the maximum load capacity to ensure stability and safety.
- Do not overload or use as a standing desk so as not to exceed design and material limits.
- Adjust the table height to your height to avoid ergonomic problems.
- When adjusting, ensure that mechanical components are correctly locked.
- Ensure that the table is not exposed to excessive moisture or heat to prevent damage to the material.
- The use of disinfectants for cleaning is permitted, but compatibility should be tested beforehand on a less visible area.
- Keep sharp objects or aggressive chemicals away to avoid damaging the surface.
- The table surface is scratch-resistant, but excessive pressure should be avoided to prevent damage.
- Not suitable for outdoor use.
- Keep out of the reach of children and have additional safety instructions ready, especially in areas where children can play.
- Before assembly, tighten all screws and connections firmly to ensure stability.
- Carefully read and follow the safety instructions and installation instructions.
- If necessary, use a non-slip base to increase stability.
- Check colours and coatings for possible allergic reactions.
- Provide instructions for safe installation and use of the product.
