Safety Instructions:

- Only suitable for indoor use as intended.
- Must not be used as a toy by children.
- The surfaces are suitable for cleaning with disinfectants; check compatibility on a less visible area.
- Products must be used in accordance with the applicable safety regulations.
- The table must be set up on a stable and level surface to prevent tipping and wobbling.
- When adjusting the height of the table, ensure that there is no risk of crushing due to the sliding parts.
- The table top is heavy, be careful when lifting it to avoid back injuries.
- The table should not be placed near heat sources or damp areas to prevent material damage.
- Ensure that there are no sharp or pointed objects on the tabletop to prevent injuries and damage.
- Caution: The tabletop could scratch if handled incorrectly.
- Regularly check for wear and damage, especially connections and screws for strength.
- Safety information and installation instructions must be supplied in an understandable language.
- Avoid extreme overloading of the table top.
- Supervise children near the table to avoid injury.
