Safety Instructions:

- Make sure that the table is placed on a stable, level surface to prevent it from tipping over.
- Do not exceed the maximum load on the table to avoid structural damage.
- Secure the table correctly to avoid the risk of crushing when adjusting the height.
- Avoid using the desktop connection panel with wet hands to prevent the risk of electric shock.
- The desktop connection panel should only be used by qualified personnel.
- Protect the table from direct sunlight and moisture to prevent material damage.
- Only use the table indoors and not outdoors.
- Regularly check the stability, wear and connections for tight fit.
- Before cleaning, test the disinfectant on inconspicuous areas and do not use harsh cleaning agents.
- The table top should not have any sharp edges to prevent injuries.
- Not suitable for children under 3 years of age. Use under adult supervision recommended.
- Do not load the table beyond the permissible load in order to avoid instability.
- Take care to carry the table correctly when lifting to prevent injuries.
- Keep small parts and accessories away from children to avoid the risk of suffocation.
