Safety Instructions:

- Make sure that the table is stable and on a level surface to prevent it from tipping over.
- Regularly check the height adjustment and mechanics to prevent accidental adjustment and to ensure safety.
- Avoid excessive weights or pressure on the tabletop to prevent damage and overloading.
- Protect the table from water, moisture, extreme temperatures and sharp objects to prevent material damage.
- Keep the edges and surroundings of the table clean to avoid injuries from sharp edges and tripping accidents.
- Only use the table for its intended purpose and follow the assembly instructions to avoid damage and safety risks.
- Regularly check that all connections and parts are correctly fitted to ensure stability and safety.
- Adjust the table height as required (height adjustable from 720 to 840 mm) and be aware of the risk of falling if the height is not adjusted correctly.
- Use at least two people for transport and handling to avoid injuries.
- Observe the safety instructions for use with children.
